

For Our Patients with Dental Insurance

As a courtesy to our practice members, our office will gladly submit your dental claims to your dental insurance company via electronic claims filing. Your benefits are determined by the plan you or your employer have selected. Each dental plan will vary in benefits and it is important that you understand your particular insurance plan benefits. You have the responsibility to know and understand your annual deductible, annual maximum, as well as any plan limitations that apply to you.

Dental insurance differs from medical insurance and is meant to help differ the cost of dental treatment not provide full payment. Your dental insurance may cover a large portion of your preventative treatment and not offer much coverage for basic and major restorative treatment. Please keep this in mind when making treatment decisions based on your dental coverage limitations.

Our goal as your oral health caregivers is to provide you with the best and most comprehensive dental care in a professional and supportive atmosphere. We offer individual attention to each practice member with care given to your financial needs. We offer different payments options to help you with your monthly budget.

Each and every dental insurance plan is unique. Plan coverage can change from year to year. Often, an insurance plan will not cover treatment that is designed to help you keep your teeth for as long as you need them.

We ask that you...

- ~Pay your portion of estimated fees and deductibles for your treatment on or before your appointment date.
- ~Provide us with any changes to your insurance coverage, address, phone numbers, and employer information.

We will...

- ~Submit your dental claim to your dental insurance company.
- ~Provide the needed documentation to expedite your claims processing.
- ~Make every effort to work within your time and budget requirements.

We sincerely thank you for allowing us to provide your oral healthcare. Your commitment to your oral health is very important and we are looking forward to a relationship that will last for many years. Please feel free to ask any question you may have regarding your dental insurance.
